DRS2270

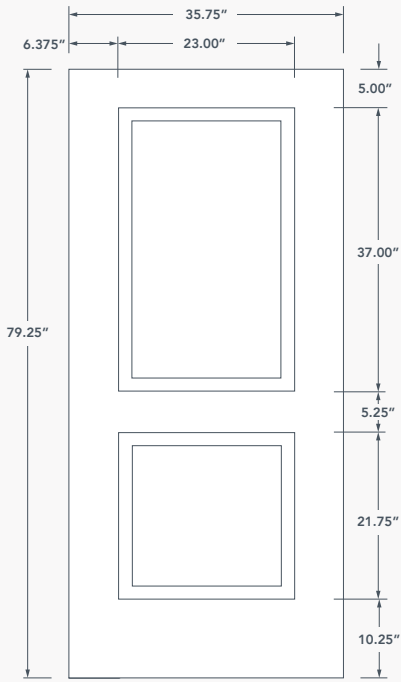

DRS2280

The Smooth Series Two Panel Door (DRS22) combines a smooth, white skin and simple two panel design for a clean, minimal look. The door also comes with a 10" bottom rail, a flat surface for easy kick plate installation. It is available in 6/8, 7/0, and 8/0 heights as well as a 20 Minute Fire Rated option, allowing this simple statement to fit any home.

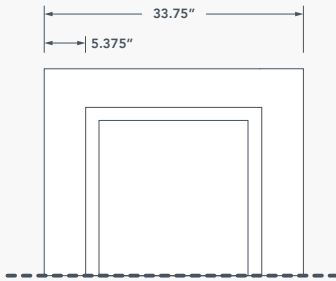

- 1 FIBERGLASS REINFORCED DOOR SKINS**
Our exclusive formulated skins require little maintenance and will not splinter, dent, warp, rot, or rust. They can be painted, stained, and we provide a variety of graining options.
- 2 FULL LENGTH COMPOSITE STILES**
Our full-length composite stiles protect the door from external moisture to prevent warping or rotting. They have twice the screw-holding strength of wood.
- 3 COMPOSITE TOP & BOTTOM RAILS**
High strength composite top and bottom rails prevent moisture from seeping into the door and stops the buildup of mold.
- 4 EXTENDED LOCKBLOCK**
Plastpro's full length LVL allows any type of lock to be placed for increased security.
- 5 POLYURETHANE FOAM CORE**
Our advanced CFC-free, high density, Polyurethane foam core enhances the door's soundproofing capabilities and provides insulation up to six times greater than wood doors.

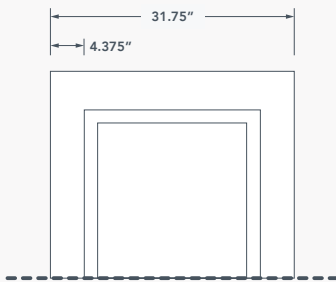

6'8" SMOOTH SERIES - DRS22

3'0" x 6'8"

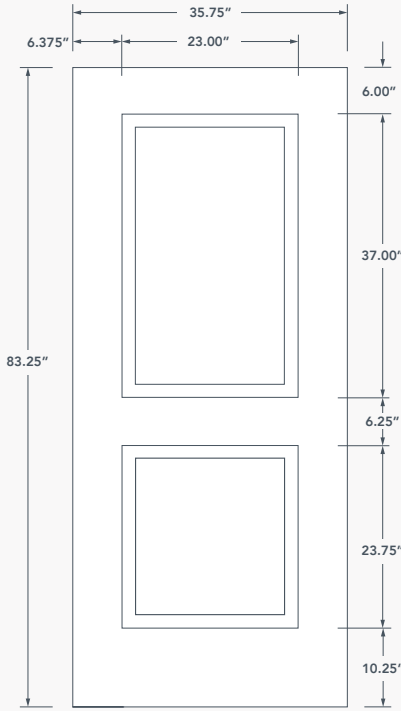

2'10" x 6'8"

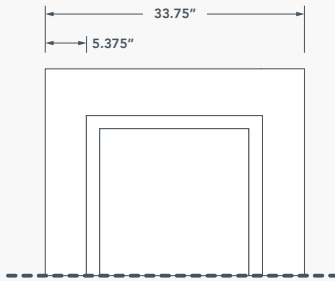

2'8" x 6'8"
